ADJOURNMENT OF THE UNITED STATES COURT.—This court stood adjourned on Wednesday last, and the Judge and other officials will leave for Columbia this morning. The session in Columbia, though not long, will be quite arduous, a large amount of business has accumulated.

BLUE RIDGE RAILROAD.—There was no meet

ing of the directors yesterday, as a quorum was

present. Mr. Reuben Tomlinson represents

the Governor for the stock owned by the State. Judge Orr is also here to represent stock. It is rumored that some changes will be made in the board of directors. LONGSUGREMEN'S OUTRAGE.-Silas Chappel (colored,) sought the protection of the law against Alex. Farr, and others of the longshoremen, who threatened his life if he persisted in earning his bread in the sweat of his face, except by per-

on of the "society." Sllas took a different iew of the case, and says he will work for Mr. Stevedore Townsend if the law will protect him A warrant was issued accordingly. sterday was only a faint attempt on the part of the longshoremen to dictate to the business community. Captain Smith has not discharged

a vessel since the first strike, at which time he resigned. The movement was the design of some

remen's union, and like others who foist-

ed themselves on the workingmen, will, if they can, tide them until they get in office. Ham Stanyarne, William Jenkins and Abraham Gibbes, (all colored.) were on yesterday brought before Magistrate Dingle on a charge of breaking into the barn of Dr. Stevens, on John's Island, on The night of the 16th instant, and taking there from a large quantity of cotton. Abraham Cibbes, the guard of Dr. Stevens, kept watch while the others were perpetrating the larceny. They were duly committed to juil to await trial.

Most of the property in the vicinity of Beaufort was sold by the United States authorities for taxes on three years' time Paw of the purchasers have paid more than one instalment, and the lands are reverting to the government. THE MASONIC FAIR.-A wet, rainy night kept numbers from attending the Fair, but toward the close of the evening the weather moderated, and the crowd of visitors was somewhat ed. Though shorn of some of the orna ments, the tables make a good display, and th multitudinous wares are displayed to the best advantage. Solomon's and Washington Lodge's, the sailors and firemen's tables, are the two head centres of attraction. The latter is always sur rounded by an anxious crowd, and the merits of the different companies explained to anxious in-quirers.
